OP 0038		04/04/2017	04/04/2019

Infracworks have adopted an Environmental Management System, designed to meet and/or exceed the requirements of ISO 14001 and we are committed to:

- A greener and cleaner environment for all
- Prevention of pollution in all areas of our operation
- A programme of continual improvement in everything we do
- Keeping ourselves aware of and compliant with, all current and future legislation
- Reduced use of natural resources
- Minimise waste and maximise recycling/reuse
- Using technology as a way to reduce our environmental footprint.

Environmental targets and objectives are set for our business that is checked by regular management and supervisory actions together with independent internal and third party audits/surveillances.

We believe and promote that all our directly employed personnel together with any specialist sub-contractors and suppliers are responsible for the adherence to environmental targets, objectives and management programmes.

Our people will receive the appropriate levels of training and awareness to ensure that due emphasis is placed on the protection of the Environment and site care/cleanliness.

Recycling and re-use of materials will be carried out where possible and where not, due care will be exercised in respect of waste disposal in accordance with current guidelines and legislation.

This Policy is communicated and made available to all company personnel, supply chain, members of the public and other interested third parties
